

GRANDEUR·AISA INK EXPO 2026

October, 15-17, 2026

GUANGZHOU AEROTROPOLIS EXPO CENTER

Concurrent Events

- ◆ Ink Conference • Annual Industry Development Summit
- ◆ Ink Night • Exclusive Gathering of Industry Leaders
- ◆ Ink Intelligence Connect • Precision Supply-Demand Matching Summit for the Entire Industry Chain
- ◆ Ink Demonstration • In-Depth Technical Analysis & Hands-On Training
- ◆ Ink Knowledge Hub • Insight into Tech Trends, Empowering Green & Intelligent Industry Upgrades
- ◆ Awards Ceremony • Authoritative Industry Awards Setting New Quality Benchmarks
- ◆ Product Premieres • Global Launches of Cutting-Edge Products, Seizing New Market Opportunities

Organizing Committee

Organizers: Asian Paint and Ink Industry Association (APIIA)
Guangdong Grandeur International Exhibition Group Co., Ltd.

Co-organizer: Guangdong Industrial Advanced Materials Association

Green Ink, Vibrant World

01 Exhibition Overview >>

With the introduction of the concept of new quality productive forces and the accelerated pace of high-quality development, the ink industry has undergone comprehensive upgrades across materials, equipment, processes, and technologies. The continuous emergence of high-end, intelligent, and green transformation achievements has not only strengthened the foundation for multi-sector applications but also injected new vitality and dynamism into the industry.

Centered around the theme “Green Ink, Colorful World,” the Grandeur Asia Ink Industry Expo 2026 is scheduled to take place from October 15–17, 2026, at the Guangzhou Aerotropolis Expo Center (Airport Exhibition Hall). The event will focus on five core modules: new product exhibitions, forum discussions, business matchmaking, live demonstrations, and opportunity releases, aiming to create a professional and forward-looking platform for technical exchange that will accelerate the growth of China's ink industry. Attendees will include industry leaders from both domestic and international ink application and manufacturing companies, as well as distributors, agents, industry associations, and academic institutions—coming together to showcase the dynamic, multifaceted, and thriving evolution of the global ink sector.

03 Exhibition Scope >>

Inks Zone

Eco-friendly Inks: Water-based inks, UV inks, Soy-based inks, etc.

Specialty Inks: Anti-counterfeiting inks, Electronic inks, Glass inks, Metal inks, Weather-resistant inks, Ink for tobacco & alcohol packaging, Architectural decoration inks, Furniture inks, Footwear materials inks, etc.

Other Products: Varnishes, Adhesives, Water-based adhesives, Eco-friendly blanket/roller wash, Alcohol-free fountain solution, Plant-based starch spray powder, Pre-coated films, etc.

Printing Inks Zone

Water-based Inks; UV Inks; Solvent-based Inks; Fluorescent Inks, Pigment Inks, etc.

Raw Materials Zone

Resins, Pigments, Solvents, Fillers, Additives, etc.

Equipment Zone

Production Equipment: Sand mills, dispersers, mixers, three-roll mills, feeding systems, color-matching systems, filling systems, etc.

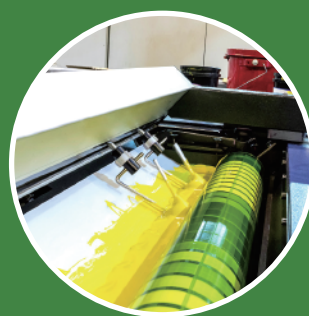

Laboratory Equipment: Applicability test equipment, forward/reverse mixers, friction testers, viscosity testers, absorbency testers, gloss meters, drying ovens, constant temperature and humidity equipment, etc.

Other Products: IBC totes, liners, intelligent filling systems, zirconia beads, environmental protection equipment, etc.

Technology & Services Zone

Testing equipment, color cards, ink demonstration supporting equipment and materials, associations, media, etc. Technology & Services Zone

04 Top 10 Exhibition Highlights >>

The Industry's Premier Full-Chain Extravaganza: Forging the Core Hub of Sector Resources

Centered on comprehensive industry needs, this event spans the entire upstream, midstream, and downstream value chain, gathering over 500 premium exhibitors from across the globe. Featuring a dedicated "Industry Chain Matchmaking Zone," it enables precise connections between upstream and downstream enterprises, facilitating resource integration and business negotiations. As the sector's exclusive ecosystem-wide resource aggregation platform, it stands as a one-of-a-kind opportunity for holistic engagement.

Pioneering Sustainable Industry Development: Deeply Committed to the Mission of a Green Exhibition

Adhering to "green and low-carbon" as the core organizing philosophy, this exhibition will be held concurrently with the International Green Development Forum. Industry experts will be invited to interpret sustainable development policies, while cutting-edge green products such as water-based inks, UV inks, bio-based inks, and eco-friendly printing equipments will be showcased. This initiative aims to lead the industry toward a transformative shift to low-carbon and circular development.

Global Premieres of Cutting-Edge Products: Empowering Enterprises to Seize Market Opportunities

Featuring a dedicated "Global Product Premier Zone," the exhibition will centrally showcase nearly a hundred industry-leading products spanning functional inks, raw materials, automated production lines, and digital inspection systems. All premiered products undergo rigorous selection, representing the latest technological trends in the industry. Exhibiting companies can leverage this platform for early exposure of their core new products, enabling rapid reach to target customers and establishing first-mover brand advantages. This strategic positioning helps enterprises capture the "golden window" for subsequent market expansion.

Gathering of Industry Experts: Exploring Future Development Trends Together

Bringing together over 50 global industry leaders—including CEOs of renowned ink enterprises, technical experts, and academic scholars—the exhibition will host the "Annual Industry Development Summit." Through keynote speeches, roundtable discussions, and other formats, the summit will delve into critical topics such as "Directions for Ink Technology Innovation" and "Evolving Global Market Demands," providing attendees with forward-looking insights and strategic decision-making references.

Authoritative Awards Honoring Excellence: Setting New Benchmarks for Industry Quality

In collaboration with the Asian Federation of Paint and Ink Associations and the European Printing Ink Association, the exhibition will host the "Annual Industry Quality Awards Ceremony." Prestigious awards such as the "Premium Product Award," "Technological Innovation Award," and "Green Development Pioneer Enterprise Award" will be presented. Through multiple rounds of professional evaluation covering product performance, technological sophistication, and market reputation, the ceremony will confer authoritative certifications to winning enterprises, enhancing their industry influence and guiding the sector toward high-quality development.

World Ink Night: Exclusive Annual Gathering for Industry Leaders

An elite, by-invitation-only event reserved for top executives, key decision-makers, and specially invited guests. Designed around the principle of "small-scale, in-depth interaction," this exclusive gathering features:

- Leadership Dialogues (focusing on industry challenges and opportunities)
- Premium Networking Dinner
- Resource Matchmaking Salon

The event provides a confidential platform for fostering deep connections,

Intelligent Supply-Demand Matching System: Enabling Precise Resource Connections for Enterprises

Powered by big data, the "Intelligent Supply-Demand Matching Platform" allows participating companies to pre-register requirement tags (e.g., "procurement of eco-friendly inks," "seeking raw material agents"). The system's algorithm automatically matches and generates a tailored connection list. An on-site "Smart Matching Service Station" will be set up, staffed with professional consultants to facilitate communication, significantly reducing matching time and enhancing collaboration success rates.

High-Speed Challenge of Water-based Gravure Printing: Redefining the Immersive Exhibition Experience

An innovative interactive technical analysis and hands-on training session will be introduced. The exhibition will feature a live operational zone for water-based gravure printing, allowing visitors to observe the process up close, touch finished products, and participate in simulated operations under professional guidance. This initiative breaks away from traditional exhibition formats, enhancing technical understanding and attendee engagement.

Authoritative Decoding of Trends: Providing Strategic Insights for Procurement Decisions

Bringing together industry pioneers and authoritative experts at high-level forums and specialized seminars, this segment deconstructs industry policies, technological advancements, and market trends. Through multi-dimensional exchanges of cutting-edge insights and practical experience, it empowers enterprises to grasp development trajectories, establish scientific procurement decision-making systems, and gain forward-looking, actionable references for strategic planning.

Comprehensive Support Services: Ensuring an Exceptional Visitor Experience

Centered on the entire visitor journey—"touring, networking, and resting"—the exhibition provides one-stop support services. These include complimentary shuttle bus, professional exhibition guides, reservable business meeting areas, dining and rest zones, and luggage storage facilities. With on-site staff assistance throughout the event, we address every need to ensure a seamless and enhanced exhibition experience.

05 Exhibition Fees >>

Standard Booth		Deluxe Booth		Raw Space	
\$2200/Each Booth		\$2600/Each Booth		\$180/sq.m	
1.3m*3m(Three-sided partition panels, 2.5 meters high) 2.Equipped with one negotiation table, two folding chairs, two fluorescent lamps, bilingual nameplates (in Chinese and English), a trash bin, and carpet An additional 10% charge for double-sided openings				1.Minimum rental area: 36 sq.m. 2.Booth to be built by the exhibitor. 3.No booth fixtures or fittings.	
Advertise	Cover \$2778	Back Cover \$2083		Color pages \$1500	
Outdoor Ground-Truss 6m*3m			\$2500/piece		
Indoor Connector Truss 5m*3m			\$2083/piece		
Visitor guide \$4167 for 15,000 copies			Gift bags \$2778 for 6,000 pieces		
Speech			30mins / \$2000		

06 Exhibition Process >>

- 1 Booths will be assigned on a "first come, first served, first pay, first confirmed" basis.
- 2 Fill out the "Exhibition Application Form" carefully, stamp it with your official seal, and either mail or email it to the organizing committee.
- 3 After registering, please pay the exhibition fee to the organizing committee's account within 5 business days.
- 4 Once the payment is confirmed, the organizing committee will send you the "Exhibitor Brochure."
